

ALCOLEC® PS 20 P

MATERIAL SAFETY DATA SHEET

1. Identification of the substance/preparation and company

Identification of the product

Product Name: Alcolec® PS 20 P

Manufacturer/supplier identification

Phospholipid GmbH
Nattermannallee 1
Köln 50829
Germany
Tel: 49 221 987 46 2239

Fax: 49 221 987 46 216

2. Composition/information on ingredients

Chemical characterization:

Fat free soybean lecithin with 20%
phosphatidylserine and less than 0.5% of a free
flow agent

CAS No:
EINECS NO.:

8030-76-0
310-129-7

3. Hazards Identification

Nonhazardous product.

4. First Aid Measures

General Information:
After respiration:
After skin contact:
After eye contact:
After ingestion:

Change dirty clothes.
No particular protection required.
Wash off with water.
Rinse out with plenty of water.
No particular protection required.

5. Fire Fighting Measures

Suitable extinguishing media:

Foam powder, CO₂, water

6. Accidental Release Measures

Personal security measures:
Environmental measures:
Procedure to cleaning and absorption:

Remove open fire.
Do not allow spillage into sewage system, surface
water and ground water.
Absorb spill with inert material and discard properly.

7. Handling and Storage

Handling

Information for safe handling:
Protection against fire and
explosion:

No particular protection required.
Do not expose to direct strong heat or
open fire.

TECHNICAL DATA

Storage

Requirements for storeroom and container:
Store together information:
Further information to storage conditions:

No particular protection required.
No restrictions.

To protect the product keep container closed, protect from light, store cool.

8. Exposure Controls/Personal Protection

Additional information to create technical system:

No special information (see topic 7)

Personal Protective Equipment

Respiratory protection:
Hand respiration:
Eye protection:
Body protection:
Protection and hygiene measures:

No particular protection required.
No particular protection required.
Wear protecting glasses.
No particular protection required.
Change contaminated clothes.

9. Physical and Chemical Properties

Appearance:

Form:	Powder
Color:	Yellowish-brownish
Odor:	Fairly mild, typical

Safety Data:

pH at 10 g/l water (20°C)	5-8
Density:	< 1 g/cm ³
Solubility in water at 50 g/l (20°C):	Dispersible
Solubility in paraffin at 50 g/l (20°C):	Dispersible - soluble

10. Stability and Reactivity

Conditions to be avoided:
Substances to be avoided:
Hazardous decomposition products:
Further information:

Temperatures above 200°C
Strong oxidizing reagents
No information available
Hygroscopic, oxidation-sensitive

11. Toxicological Information

Remark:

There is no information available concerning toxic effects of Alcolec[®] PS 20 P.

12. Ecological Information

Information about elimination:

Biologically degradable.

TECHNICAL DATA

13. Disposal Considerations

Recommendation: Dispose as food.

14. Transport Information

Remark: Not subject to transport regulations.

15. Regulatory Information

Labeling: None required.

16. Other information

All data and recommendations as well as formulation made herein are based on our present state of knowledge. We disclaim all liability on risks or formula that may result from the use of our products, including improper and illicit use.
