

ALCOLEC® PS 85 P

-Highly purified Phosphatidylserine powder

Composition :

Phosphatidylserine NLT 80%

Characteristics

Form powder
Color Light Tan
Moisture 1.5% max
Peroxide value max. 5

Bacteriological data

Total aerobic microbial count <1000 CFU/g
Total yeast & molds count <100 CFU/g
Salmonella absent in 10g

Packaging :

1 kg in plastic containers

Storage :

Store under optimal storage temperatures between 50-77° F (10-25° C). Care should be taken to avoid light and moisture prior to use. Expected shelf life is a minimum of 12 months in original unopened container.

Labeling

Alcolec PS 85 P is generally recognized as safe (GRAS) as a food additive under CFR21 184,1400. The ingredient declaration can read "soy lecithin" or soy lecithin enriched with phosphatidylserine.
