LABELING: Lecithin is generally recognized as safe (GRAS) under 21 CFR 184.1400 and specifications of the Food Chemicals CODEX. The FDA labeling for ALCOLEC LV25 is "Soy Lecithin, Soybean Oil" as the common and usual name. Alcolec LV25 is Kosher Approved.

PACKAGING: Standard package size is in non-returnable 55-gallon open-head steel drums with bung and vent lid. The drum occupies approximately 12 cubic feet. Each drum contains 400 lbs of Alcolec LV25.

STORAGE: Storage temperature should be between 60° to 90° F (16° to 32° C). Storage below 60F/16C may help promote separation and require the need for mild agitation prior to use. The shelf life of Alcolec LV25 is 18 months from date of manufacture in the original, unopened container.
