

ALCOLEC®PS 20 P

-Powdered soybean lecithin containing a high content of phosphatidylserine with tricalciumphosphate for use in nutritional supplements

Composition :

Phosphatidylserine	nlt 20%
Phosphatidylcholine	11 – 17%
Phosphatidylethanolamine	8– 17%
Phosphatidylinositol	5 – 8%
Tricalciumphosphate	nmt 0.5%

Characteristics

Form	powder
Color	light yellow to tan
Moisture	1.5
Peroxide value	max. 5

Bacteriological data

Total plate count	max 5,000 CFU/g
E. coli	negative/g
Salmonella	negative/10 g
Coliformes	negative/0.1g*

*Limit of detection is less than 10CFU/0.1g

Labeling

Alcolec PS 20 P is generally recognized as safe (GRAS) as a food additive under CFR21 184,1400. The ingredient declaration can read "lecithin" or soy lecithin enriched with phosphatidylserine.

Packaging :

5 kg in double polyethylene bags.

Storage :

In tightly sealed container. Ideal temperature should not exceed 20°C(68°F). Expected shelf life is a minimum of 24 months in original unopened container.
